## BBE Trip

The industrial trip of BBE department for the year 2015 was indeed a delightful journey to Shimla & Mashobra. Our stay was at the magnificent Marigold Resort in Mashobra. Also, We got an opportunity to visit MINCHY'S INDUSTRY in SOLAN. It is a diversified industry producing 75 products of jam, juices, pickles and wine. We were shown various aspects of production, procurement of raw materials from storage, labeling of the bottles, packaging of the products and so on. In the wine section, we were shown the process of fermentation of the apples or grapes in big fermenting containers. MINCHY'S is a leading name in Himachal Pradesh. Studying such a prominent industry was an enriching experience. A bon-fire and DJ night was organized for the students' leisure. Overall, these activities made the trip much more enjoyable. Shimla's famous Mall Road was another beautiful place we visited. Pleasant weather, local shops and goods, Christ Church were the highlights of the visit to Mall Road. Moving on, We also visited Kufri whose scenic beauty left us awe struck.

It was once in a lifetime experience which was a perfect blend of leisure and knowledge.
